SUMMARY

IT Administrator & DevOps Engineer with hands-on experience in application deployment, server administration, CI/CD automation, and production support. Experienced in deploying and maintaining PHP, Laravel, WordPress, Django, Flask, CakePHP, and .NET applications in Linux environments. Skilled in Jenkins, Docker, GitHub, AWS cloud services, and troubleshooting live production servers. Strong understanding of deployment workflows, Linux administration, monitoring, and DevOps practices.

PROFESSIONAL EXPERIENCE

Dreams Technologies - Coimbatore

Feb 2026 - Present

- Managed deployment and maintenance of live production applications and websites.
- Deployed and supported applications built using Laravel, PHP, WordPress, Django, Flask, .NET.
- Configured and maintained Jenkins CI/CD pipelines for automated deployments.
- Integrated GitHub repositories with Jenkins using webhooks for continuous deployment workflows
- Managed production server updates, file migrations, rollback handling, and deployment troubleshooting.
- Configured Linux server environments, file permissions, environment variables, and application dependencies.
- Assisted in Nginx/Apache web server configuration and domain management.
- Performed system troubleshooting, software installation, and IT support activities.
- Coordinated with development teams for deployment planning and release management.
- Maintained server uptime and resolved deployment-related production issues.

AWS Intern in Skylena InfoTechnology - Coimbatore

June 2025 - Oct 2026

- Implemented and supported cloud infrastructure automation using AWS and DevOps tools.
 - Built a Two-Tier Application Provisioning architecture using EC2, VPC, ALB, and RDS.
 - Containerized microservices using Docker and deployed them on AWS EC2.
 - Assisted in CI/CD pipeline creation using Jenkins.
 - Configured monitoring dashboards using Prometheus & Grafana for performance analysis.
 - Improved system visibility by integrating alert rules and resource utilization metrics.
-

TECHNICAL SKILLS

Cloud Platforms	: AWS (EC2, S3, IAM, VPC, RDS, CloudWatch..) GCP (Compute Engine, Storage)
DevOps Tools	: Docker, Git, GitHub, GitHub Action, Jenkins, CI/CD pipeline
Application Deployment	: Laravel, PHP, Wordpress, Django, Flask, .Net
Networking	: DNS, VLAN, VPN, Routing Basics, Network troubleshooting
IT Support	: OS Installation & Software Configuration, User Support
Monitoring	: Prometheus, Grafana, CloudWatch, ELK slack
Operating Systems	: Linux basics, Windows

PROJECTS

Production Deployment & CI/CD Automation for Laravel Application

- **Tools & Technologies :** Jenkins, GitHub, Laravel, Linux, Nginx
- Deployed and maintained Laravel applications on live production servers.
- Configured Jenkins CI/CD pipelines for automated build and deployment processes.
- Integrated GitHub repositories with Jenkins using webhooks for continuous deployment.
- Managed deployment workflows from development to production environments.
- Configured Linux server environments, application dependencies, and environment variables.
- Performed deployment troubleshooting, rollback handling, and server-side issue resolution.
- Managed Nginx/Apache web server configuration for hosting Laravel applications.

Full-Stack Website Deployment

- **Tools & Technologies:** AWS EC2, Docker, Nginx, GitHub Actions
- Deployed full-stack applications using Docker containers on AWS EC2.
- Configured Nginx as a reverse proxy with SSL setup.
- Managed backend and database connectivity for secure application operations.
- Integrated GitHub Actions for automated deployment workflows.

Cloud Monitoring Using Prometheus & Grafana

- **Tools & Technologies:** Prometheus, Grafana, AWS EC2, CloudWatch
- Deployed Prometheus on AWS EC2 to monitor infrastructure metrics.
- Configured Grafana dashboards for real-time visualization of system performance.
- Monitored CPU, memory, disk, and network usage metrics.
- Configured alerting and monitoring snapshots for proactive issue detection.

EDUCATION

Bachelor of Science in Computer Science (B.Sc. CS)
Hindustan College of Arts and Science
(CGPA: 6.98)

2022 - 2025

LANGUAGES

- English
- Malayalam
- Tamil
